

Jeffries 2012 Global Clean Technology Conference

February 22-23, 2012 at the Westin in New York City

The Jeffries Global Clean Energy Conference will highlight keynote speakers, panel discussions and presentations from over 100 leading public and private companies across the clean technology spectrum including industrial biotechnology/ green chemicals, energy storage, smart grid, clean transportation, lighting & efficiency, solar, wind, water, geothermal and waste-to-energy.

We will bring together industry leaders to help investors identify near- and long-term investment opportunities and to discuss clean technology trends globally.

Keynotes include:

Michael Brune, Executive Director, Sierra Club

David Crane, Chief Executive Officer, NRG Energy, Inc.

Junfeng Li, Director General, National Centre of Climate Change Strategy Research (NCCS)

Robert Orr, Assistant Secretary-General for Strategic Planning & Policy Coordination

Vincent Schachter, VP, Research & Development, Total SA
